

Platform Features & Capabilities

Nabhangam Engineers — Project & Workflow Tracker

A SaaS product by Chemilignce Solutions · Licensed to Nabhangam Engineers

8-Stage Case Workflow

1 Lead	2 Survey	3 Rate Verif.	4 Drafting	5 Checking	6 Print	7 Scan	8 Dispatch
--------	----------	---------------	------------	------------	---------	--------	------------

Each stage is tracked separately. Staff are assigned per stage. The case advances only when the current stage is submitted and approved.

- Role-based access — each person sees only their stage
- Auto-advance on third-party survey submission
- Admin can revoke any stage for correction
- All timestamps recorded in Indian Standard Time (IST)

Owner / Administrator Features

DASHBOARD & OVERVIEW

- ✓ Live case count across all 8 workflow stages
- ✓ Realtime Occupancy — staff on currently active work
- ✓ Third-party surveyor tracking with link status
- ✓ IST-personalised greeting

CASE MANAGEMENT

- ✓ Create cases with bank, owner & property details
- ✓ Add custom survey fields per case at lead stage
- ✓ Edit case info at any time; delete (admin only)
- ✓ Mark documents pending; approve flagged cases

STAFF ASSIGNMENT

- ✓ Assign staff to any of the 8 workflow stages
- ✓ Visual assignment matrix — all cases × all staff
- ✓ Assign non-project 'Other Tasks' to any staff
- ✓ Generate secure third-party survey links

STAGE CONTROL

- ✓ Advance case to next stage when ready
- ✓ Revoke submitted stage for correction
- ✓ Auto-advance when third-party survey submitted
- ✓ Visual progress stepper on every case

ACTIVITY & TIMELINE

- ✓ Activity History: files, time logs, third-party submissions
- ✓ Project Timeline: staff, hours & submission timestamps
- ✓ Lead creation date shown; all timestamps in IST
- ✓ Download Timeline as CSV

ACCOUNT & SECURITY

- ✓ Secure login with Supabase authentication
- ✓ Change password with current password verification
- ✓ Role-based access — admin sees all, staff sees own
- ✓ Session-protected routes throughout

Owner / Administrator — Reports & Admin Modules

SITE SURVEY REPORT (PDF)	ADMIN MODULES
✓ Printable PDF with Nabhangan Engineers logo ✓ Bank info, owner, property address, site visit details ✓ GPS coordinates from on-site measurement ✓ Property dimensions, building features & valuation ✓ Custom project-specific fields in separate section ✓ Site photos embedded (up to 10) ✓ Signature strip and copyright footer	✓ Staff directory — add, edit, activate / deactivate ✓ Assignments panel — stage allocation for all cases ✓ Other Tasks — assign non-project work to staff ✓ Third-Party Survey Link with custom expiry ✓ Task Requests — approve or reject staff requests ✓ Reports module for business analytics

CUSTOM SURVEY FIELDS — How It Works

1

Admin adds extra fields when creating or editing a lead

2

Fields appear in the survey form for staff or third-party surveyor

3

Filled values saved with the survey report data

4

Custom fields print as 'Additional Info' section in PDF

Staff Member Features

PERSONAL DASHBOARD

- ✓ All cases currently assigned to them
- ✓ Total hours logged across all cases
- ✓ Attendance summary for the current month
- ✓ Pending task requests at a glance

SURVEY FORM

- ✓ Full site visit data entry (all standard fields)
- ✓ Custom fields added by admin for that case
- ✓ One-tap GPS capture; photo upload (up to 10)
- ✓ Save draft and return later; submit locks form

ACCOUNT

- ✓ Self-service password change
- ✓ Current password verified before update
- ✓ View own profile details

CASE WORK

- ✓ Access assigned case detail page
- ✓ Fill and submit site visit report
- ✓ Custom survey fields specific to each case
- ✓ Upload photos & documents; log hours

ATTENDANCE & REQUESTS

- ✓ Mark daily attendance (present / absent / half-day)
- ✓ View attendance history for current month
- ✓ Submit task requests to admin
- ✓ Track status of submitted requests

VISIBILITY PERMISSIONS

- ✓ Can view case progress and Activity History
- ✓ Can download Site Survey Report PDF
- ✓ Cannot edit case details or delete cases
- ✓ Cannot see other staff's data or admin modules

Third-Party / External Surveyor

SECURE LINK-BASED SURVEY SUBMISSION

- ✓ Admin generates a one-time secure link with configurable expiry (6 h – 72 h)
- ✓ External surveyor accesses the full form directly — no login or account required
- ✓ Form includes all standard fields plus custom fields defined for that case
- ✓ One-tap GPS location capture on mobile
- ✓ Photo uploads directly from the field
- ✓ Draft auto-save — surveyor can return and continue before final submission
- ✓ On final submit: case automatically advances to Rate Verification stage
- ✓ Link becomes invalid after submission; used-at timestamp recorded
- ✓ Surveyor name and submission time visible in Activity History and Project Timeline

WHY THIS MATTERS

- No app install needed — works in any mobile browser
- Secure — link expires and becomes invalid after use
- Auto-advances workflow — no manual step needed from office
- Custom fields travel with the link — surveyor fills all required data

Thank You
